

In Digestion

Directions: Read the article “Gut Feeling” (page 18). Then use the article to find answers for the crossword puzzle below.

Across

1. digestive organ with no known function
3. a virus causes this painful hole in a digestive organ
8. this organ stores digestive waste until excretion
9. water is removed from digestive waste here
10. you have small and large sections of this organ

Down

1. the opening through which solid waste leaves
2. some disorders and muscle problems can cause this discomfort
4. a sugar found in dairy products
5. enzymes here break down food
6. in the article, Philip has _____' _ disease
7. inflammatory _____ disease

Bonus

Unscramble the four letters in the circles. They spell a 4-letter acronym of a common condition that affects the esophagus.
